

Harshal Patil

Software Developer | Chandrapur, Maharashtra, India

harshalpatil2809@gmail.com | +91-7720803593 | [Github](#) | [Linkedin](#) | [Portfolio](#)

Professional Summary

Software Developer with hands-on experience in building full-stack web applications using Python, Django, React.js, and REST APIs. Experienced in designing CRUD operations, API integration, and backend logic with MySQL database management. Strong foundation in Data Structures and Algorithms with focus on scalable, efficient, and maintainable application development..

Projects

BuyBasket – E-commerce Web App

React.js, Django, REST API, Cloudinary

[Frontend Repo](#) — [Backend Repo](#)

- Developed a full-stack e-commerce web application using React.js and Django with RESTful API architecture.
- Implemented key features including cart management, user authentication, and order processing.
- Built and integrated REST APIs with the frontend using asynchronous API calls (Axios/fetch).
- Integrated Cloudinary for image management and designed a responsive UI for optimized performance across devices.

Intellex – AI Chat Web App (Full Stack)

Next.js, React.js, Django, REST API, PostgreSQL

[Frontend Repo](#) — [Backend Repo](#)

- Developed a full-stack AI-powered chat application with integrated frontend and backend systems.
- Built responsive and interactive UI using React.js / Next.js with efficient state management.
- Designed and implemented RESTful APIs using Django for chat handling and data processing.
- Integrated external AI APIs to deliver real-time intelligent responses with optimized performance.

Internship / Experience

SkillCraft Technology — Software Developer Intern

March 2025 – April 2025

- Developed and optimized backend application logic using Python.
- Implemented data processing and automation scripts improving workflow efficiency
- Debugged and enhanced existing codebase to improve performance and scalability

Education

B.Sc. (Information Technology) — Gondwana University

2023 – 2026

CGPA: 7.34 (up to 5th Semester)

Technical Skills

- **Programming Languages:** Python, JavaScript (ES6+)
- **Frontend:** HTML5, CSS3, React.js, Next.js
- **Backend:** Django, Flask, RESTful API
- **Database:** MySQL, Database Design
- **Tools & Practices:** Git, GitHub, Postman, VS Code, Figma
- **Deployment:** Vercel, Netlify, Render

Certifications

- Python Programming Certification — GeeksforGeeks
- Solutions Architecture Job Simulation - AWS
- Web Development Fundamentals — IBM
- Internship Completion Certificate — SkillCraft Technology
